1ST VERSE

Sittin here and I'm watchin' the clock. You said you'd be
back here at 9 on the dot
It's 2 A.M. and you just gettin' home, so tell me...
Where the hell you been? 'Cause you ain't been
alone
You might as well sit down and let me talk to you. On
second thought, I ain't got much to say to you
I hear you talkin' but you can keep on walkin'. I'm just
askin' you to tell me...

CHORUS

What was he doin' up in your crib last night?
You say you were home alone - girl you ain't gotta lie
'Cause I hit you on your phone and I know you were
doin' wrong
Now all of The Love We Had Is Gone
How could you lie to me girl? You said that you were
just friends
Friends don't be sneakin' around town on the weekend
Why can't you tell the truth - I know that yall was
freakin'
Now all of The Love We Had Is Gone

2ND VERSE

At first you had me fooled. I didn't have a clue
But then you started gettin' sloppy - I picked up on you
Leavin' the room when the phone rings, all of a sudden
you wanna shop without me
Comin' home with expensive new things. Where you get
that money from?
I know it didn't come off my credit card. That
unemployment check you 'bout to get - It ain't even
started yet - uh oh
You done messed up. Now you gotta leave - don't
forget yo stuff
I don't wanna hear it - I done had enough. It don't
matter what you say

CHORUS

BRIDGE

All I gotta do is look in your eyes and I can see that
you're hiding the truth
Girl, tell me why you stuttering? You havin' trouble with
your words but you...you
Girl, you can save your trouble save your words 'cause
I'm so through

CHORUS X2

ADLIBS

You ain't gotta lie.
What did he do to get through to you girl?
What did he promise you?
He must have told you somethin' good if you believe
that he can do better than I can
Tell the truth! Freakin'™all the love...is gone...
Last night... You know our love is over
Your love is gone...
La da da love
On the weekend...
Love, love, love....gone
