I'm a wreck, but I'm here
I don't want to take things for granted
It's so dark where I go
If I'm alone for just a minute
Holding on by a thread
If it breaks I don't wanna grab on to you
Falling down is bad enough
Maybe the bottom is better

Don't leave me alone, don't leave me

I'm a wreck, but I'm here
It's more than I can say for last year
It's my fault all the pain
I only wanted things to stay the same
Stupid girl, this I know
I guess I didn't think that it would show
What's inside is a beast
No you don't know me to say the least

Don't leave me alone, don't leave me
Don't leave me alone, don't leave me

What about flying - I don't wanna fly
What about dreaming - I'm not closing my eyes
What if I met you - oh you wouldn't dare
What if I saw you - but I am nowhere

I'm a wreck, can't you see
That's the trouble with me

Don't leave me alone, don't leave me
Don't leave me alone, don't leave me
