"Push Shove"

I took the bait, didn't get caught
Heard the gun, didn't get shot, no
Gave you my heart then I walked away
Took the test but I got no grade
No grade, no grade

I fell hard, didn't get hurt
No blood stains, but I ripped my shirt
Might be callous, might be cruel
Nobody's telling me what to do
What to do, what to do

Might be lucky, might be dumb
Might be through, might be fun
Might be stupid, might be love
It's me alone when push comes to shove
Push comes to shove
