I don't wanna be a rash, oh but baby I am here to last
You can try to apply cream but you will always be my
dream

Thought that I was gonna leave, it's an impossibility

Careful what you do today, tomorrow I might feel the
same

I'm giving credit where it's due,
there's something between me and you Please correct
me if I'm wrong but that would be a different song
I'm only doing what I'm told, you told me to come back
you know

Careful what you do today, tomorrow I might feel the
same

Careful what you do today, tomorrow I might feel the
same

It's gonna burn, you gotta learn
You can't just take back what you give

It's what you told me what you want,
All I know you turned me on
Should I pay you for your time?
What's mine is yours and yours is mine
If you're really gonna say "it's over Peter go away"

Careful what you do today, tomorrow I might feel the
same

Careful what you do today, tomorrow I might feel the
same

Careful what you do today, tomorrow I might feel the
same
