Hey, hey ,hey.

You say that you love me â€¦ they say when you love
you set them free.

I see it around me â€¦ this golden cage you built but
cannot see.

Though it has all been said before
somehow there's always room for more.

The story goes on and on and on.

CHOR:

If you love me â€¦ If you love me â€¦ why don't you let
me go?

Ain't no bright light â€¦ to surround me

Caught in the undertow. (X2) Let me go...

Hey, hey, hey.

So where are we going? â€¦

Always back and forth can take us nowhere fast.

And we keep on turnin' â€¦ round and round yeah
repeating on the past.

Though it has all been said before,
somehow there's always room for more.

The story goes on and on and on.

CHOR:

Let me go... I said what i had to say (hey) â€¦

Tomorrow is another day.

CHOR:

Let me go, let me go, hey!
