I see you standing  
Waiting  
For me to join you  
I am strong  
And hold my chin high  
So I don't break  
Or show you the weakness  
I hide  
I love  
And cry  
A mix of emotions  
Warring inside  
I want to prove it  
I want to fight  
Or let go  
But I can't decide  
Where to go.  
You don't catch me  
Like a fish swimming free  
Longing for you  
I will elude your grasp  
Until you know  
You can't have me  
Or bear to lose me  
Again.  
Like a bird  
I fly high  
Searching for you  
To call me  
To your nest  
I've spread my wings  
And won't land  
Until I find  
My heart again.

Like a butterfly,  
I've transformed  
Impossibly  
To continue my short life  
To show you beauty  
A lasting impression  
Before I disappear.  
For I catch a glimpse  
Of you  
Fighting  
To be you  
Thinking I am there  
By your side  
But I'm still watching  
You  
Here down this path  
Through fog and rain  
Landslides of pain  
Keeping apart  
You and I  
No compromise  
Both stubbornly walking  
In dreams  
Sovereignly sleeping  
Dreaming  
Our own desires to be  
Our destiny  
And maybe  
Paths cross  
Maybe not  
Where do I give  
Where do I stand strong  
In what  
I believe  
Who I am  
What I feel  
What I know  
To remain  
Me  
An elusive fish  
A free flying bird  
A beautifully tragic butterfly  
That will disappear

In her own way  
As she waits  
And watches  
You  
Down the path.
