Here in this heart it's so hard to believe  
You're still the one pursuing me  
I feel I don't deserve  
All that you've given me  
Lord I am amazed tell me how can it be  
That after all this time you'd still love me  
So let me say to you  
Thanks for the love you bring  
Lord let these words I say  
And the praises I sing always be  
Chorus  
For no other reason but to love you  
For no other reason but to say that you're my god  
For no other reason just because,  
Just because you are  
Lord I confess I am humbled inside  
To know such a love, such a sacrifice  
That in spite of all you've done  
And all the joy you bring  
Lord let these words I say  
And the praises I sing always be  
Repeat Chorus  
Hey.hey.hey  
Just because you are  
Heyheyhey  
Just because, just because you are
