We're together even when we're part
I'm connected to your voice floating to my heart
All in the distance, I see you up somewhere
I'm heading in your direction
I'll meet you halfway yeah

You're the one that I'm tryin' to reach
get on to you
'cause you got holding me yeah.
You got me holding me darling.

If you forget me baby, I'll remind you,
when you're far away I'm beside you,
put your hand down, you can heal me?
reach out and touch me, can you feel me?
Mhmm.
Reach out and touch me!
Reach out and touch me!

You and me from a different place
a thousand miles away I see your face
time isn't wasting you, I need you here and now
I got to keep on chasing and get to you somehow
You're the one that I see in my sleep
My heart on you you just don't let go me.
Don't let go to me darling.

If you forget me baby, I'll remind you,
when you're far away I'm beside you,
put your hand down, you can heal me?
reach out and touch me, can you feel me?
Mhmm.
Reach out and touch me!
Reach out and touch me!

I've been waiting right here for you
All the thing that I'm trying to do
Hold tight 'cause I'm coming through
I'll find a way
Yeah yeah

If you forget me baby, I'll remind you,
when you're far away I'm beside you,
put your hand down, you can heal me?
reach out and touch me, can you feel me?
Mhmm.
Reach out and touch me!
Reach out and touch me!
