Uh oh uh oh uh oh

Verse 1

I bat my eyes then walk away, blow a little kiss
I get them to
Come over, and ask my name oh so innocent
Wearing my cotton candy lip gloss
Sugar oh so sweet
I tell him that he's the most adorable
Boy I've ever seen

Hook

With all the boys I like to play
oh oh oh oh
Make them all fall in love with me
oh oh oh oh
Let them think that they're the only one
oh oh oh oh
Gonna make the little boys all fall in love
oh oh oh oh

Verse 2

I only let them get a taste, of what my love could be
And then I just
Tease them, taunt them, make them wait
Until I'm ready
I always know just how far to take it
And then I draw the line
I tell them to be patient
It works time after time

Hook

With all the boys I like to play
oh oh oh oh
Make them all fall in love with me
oh oh oh oh
Let them think that they're the only one

oh oh oh oh
gonna make the little boys all fall in love
oh oh oh oh

Break

With all the boys I like to play...
Make them fall in love with me....
With all the boys I like to play...
Make them fall in love with me, uh oh uh oh

Hook (repeat twice)

With all the boys I like to play
oh oh oh oh
Make them all fall in love with me
oh oh oh oh
Let them think that they're the only one
oh oh oh oh
Gonna make the little boys all fall in love
oh oh oh oh

Out

uh oh uh oh, uh oh uh oh,
oh oh oh oh
uh oh uh oh, uh oh uh oh,
oh oh oh oh
