Get down mountain, get down
Go on and fall to the ground
My victory is waiting on the other side
I've got the power to climb
My feet are willing but I'm not gonna waste my time
Get down mountain, get down
Mountain, your angry shadow is hovering over my head
I will not be detoured, I'll keep on moving straight
ahead
I've got a future that's bright
Sometimes fear is blocking my view
But I've got something to say that's been long overdue

Get down mountain, get down
Go on and fall to the ground
My victory is waiting on the other side
I've got the power to climb
My feet are willing but I'm not gonna waste my time
Get down mountain, get down

I've stood on top of you many times before
I could see way up where the ocean meets the shore
You should know by now, I'm not afraid, no, I'm not
afraid of you

'Cause greater is He in me, so you know what to do

Get down mountain, get down
Go on and fall to the ground
My victory is waiting on the other side
I've got the power to climb
My feet are willing but I'm not gonna waste my time
Get down mountain, get down

We serve a mighty God who made a highway through
the sea, yes He did
He moved all of heaven and earth just to set His people
free
Yes I believe that He will do the same thing today
When I speak the words in Jesus' name, mountain, you
must obey

Get down mountain, get down
Go on and fall to the ground
My victory is waiting on the other side
I've got the power to climb
My feet are willing but I'm not gonna waste my time
Get down mountain, get down
