{Verse 1}

I want a new formula potion number 9  
1 Anit mixing my liquor drink it straight every time  
It Anit good for my liver at this point I'm feeling fine  
I Anit stressing nothing steady sticking on my grind  
natural progression not the Same man as last year  
No longer saving face I'm taking off the mask here  
Not from the same cloth they cotton while I'm kajmir  
N you can count on that not to change no cashier  
Cant you tell my thoughts are a bit more reciprocal  
Extra inverted individual wit residuals  
Based off of principals of not living miserable  
Got to stay ahead of the curve cuz life is difficult  
It's hard to stay a float trending mistakes of the past  
Thats why in life I take what I want and don't ask  
Making my own reality I'm on that  
N im Never slowing down why cuz life's fast

{CHORUS x2}

(ey ey) I want a different Lifestyle  
(ey ey) A whole different Lifestyle

Chillin with different women on different nights out  
Aint worried about no money just living your life out

(ey ey) I want a different Lifestyle  
(ey ey) Who wouldn't want this Lifestyle

Chillin with different women on different night out  
Aint worried about no money just living your life out

{Verse 2}

I could never get enough I'm in the fast lane  
You should be able to tell by my government last name  
I always want (Moore) I fell in love wit the cash game  
Addicting to living good allergic to past days  
Of being broke I'm never going back to ends meat  
persistent grind gon get me mill eventually

Wit presidential suites and girls that do it like lewinki  
Truck loads Of money on delivery call it Penske  
(Ya) i won't it all not just to stunt  
Just so I Anit got to live month to month  
Hate this hand foot I could give a standard book  
Throughout my early 20s on how i stand an shook  
Obstacles it possible to get here  
So can't nobody tell me I Anit shit here  
I fighting past devils man I gotta be careful  
Goin to keep going till I'm on the next level

{CHORUS x2}

(ey ey) I want a different Lifestyle  
(ey ey) A whole different Lifestyle

Chillin with different women on different nights out  
Aint worried about no money just living your life out

(ey ey) I want a different Lifestyle  
(ey ey) Who wouldn't want this Lifestyle

Chillin with different women on different night out  
Aint worried about no money just living your life out
