Here is my prophecy, my legacy
The psalm I leave of things to be
Here's what I see
I see the warlords of the east on metal beasts
Rising to set a new world order in the name of their
seer
Lord of hatred and fear

Close my eyes I see black rain
The death of hundred thousand men
Lying on the desert sand
I see flashes of light
Burns the night
In my apocalyptic gaze
Close my eyes I see the end

I hear birds of steel, screaming for a kill
A swarm of death
Spreading plague and disease, over western fields
And through the smoke and dust of falling towers
Through the shatters
I see an army of fearless men, fighting for freedom
again

Close my eyes I see black rain
The death of hundred thousand men
Lying on the desert sand
I see flashes of light
Burns the night
In my apocalyptic gaze
Close my eyes I see the end

Antichrists
Hollowed eyes
The time of the serpents has arrived
All those who sowed the seeds of madness
Will harvest the fruits of eternal sadness
Here is my prophecy

Close my eyes I see black rain
The death of hundred thousand men

Lying on the desert sand
I see flashes of light
Burns the night
In my apocalyptic gaze
Close my eyes I see the end
