Iâ€™ve got something to tell you  
Iâ€™ve got something in my heart  
Iâ€™ve been wanting you baby  
For the longest of time  
Now the life time before us  
And girl donâ€™t you know  
I want to save each moment with U  
Let me sure, that we take this love  
Tender and slow

(CHORUS)

So let yourself go, And  
Lay down your love for  
Me baby, let me inside  
I wanna know what youâ€™re  
Feeling and donâ€™t be shy  
Lay down your love for  
Me baby, now itâ€™s the time  
We can let the moment for  
Long, Lay your love down  
( Lay your love )

I know you really assure it  
Let me give some to you  
You want this love to be special  
Now I want the same thing too  
And your love wonâ€™t wait  
Cause itâ€™s feel so strong  
Iâ€™m gonna cover you girl  
And adore you with my kiss,  
My touch, my heart, and my soul  
So let yourself go

(REPEAT CHORUS)

Let each moment be an eternity  
I wanna get back to you  
All that you given to me

(REPEAT CHORUS)
