No no no - I don't to go (please don't make me)
No no no - I don't want to 1-2-3 go

You get up every morning to the sound of your alarm
Mum & Dad beckon you from your bed of calm
They say get up get up get out of bed
Get up get up or you'll see the head
School is a drag y'know (x3)
Don't you agree

You behind your desk in your stupid uniform
A Hitler type teacher (seig heil) is making you conform
She says - get out get out get out that door
