(feat. Killah Priest, Shanghai the Messenger)

[Killah Priest]

I bit the food, open my eyes

Divide the truth from the lies, evil rabbis with suit and ties

On Palm Sundays, no longer Mondays, I stay calm on Tuesdays

While crews are sprayed on fatal Wednesdays

As friends lay in coffins, I made it through abortion and move in caution, the mid-night offerin

and in deep knives, the peace pipes at nights

Religious sacrifice, pay entyce to an anti-Christ

White Rose when readin scrolls by dark souls takin strolls

around the solar system, the wisdom of a fortune teller from the depths of a scorchin cellar, hot as face with the umbrella

and once the night falls, build in synagogues

holdin feast to the golden beast in the tabernacle

shackled by the son of a jackel with the face of a pteradactyl

Know you not that G, you wasn't cursed, see and unworthy for the mercy

Since Eve and Adam had a polluted orgasm, causes cramps and back spasm

Words shift in sex, the wage is as sin as death, condemns the flesh

They worshipped black ravens, engravin idols, givin heed to Paegen titles

Send men ragin in rivals, readin all sorts of bibles for survival

Death haunts the mental, the evil that the men do, the red dots of the Hindu

The serpent tattoo, the witches brew, the priest's voodoo

The black magic, the devil sabbath

taboo, religious practice from the hour glasses

The crystal ball, the magic wand, then step beyond the Wrath of Kong

Many are called but few are chosen

[60 Sec. awws in the background to fade]

[Shanghai the Messenger]

Look beyond his colors, look beyond his skin  
Look beyond the way he moves, look deep within  
Look beyond his face, look beyond his smile  
I am warning you he's a Devil in Descize  
Look beyond his riches, look beyond his fame  
He's only using you for his own game  
cuz anything he do, anything he say  
you just can't trust, he's a Devil in Descize  
He's a Devil in Descize, he's a Devil in Descize  
He's a Devil in Descize.. [fades]
