Sometimes I wonder when you let me down, down
Why do I keep coming back?
You came along and turned my life around, 'round
Now i can't change that

You're so drunk, but I'm sober
You're so blind, but i see you
When you're lost, i will guide you in your darkest hour

You're like my scar, my life, my light
(We're caught in the middle, caught in the middle)
Like a thunderstorm, I feel your strike
(We're caught in the middle, caught in the middle)

Right from the start I knew you got me good, good
I was just so open
If i could take it back you know I would, would
Before those words were spoken
You do the strangest things
Make me feel like I'm insane
Confused, I cant do anything
Only got myself to blame

You're so drunk, but I'm sober
You're so blind, but i see you
When you're lost, i will guide you in your darkest hour

You're like my scar, my life, my light
(We're caught in the middle, caught in the middle)
Like a thunderstorm, I feel your strike
(We're caught in the middle, caught in the middle)

Wont follow you, stay away from me
(Caught in the middle, caught in the middle)
Wont follow you, stay away from me
(Caught in the middle, caught in the middle)
Wont follow you, stay away from me
(Caught in the middle, caught in the middle)

You're so drunk, but I'm sober
You're so blind, but i see you

When you're lost, i will guide you in your darkest hour

You're like my scar, my life, my light
(We're caught in the middle, caught in the middle)
Like a thunderstorm, I feel your strike
(We're caught in the middle, caught in the middle) (2x)
