Why, why are you here?
All the reasons so unclear
I'd like to say that I hold you dear
It's hard to express so I hide behind the fear

And I know it's wrong to keep holding on
To just one wish for a simple fix

Why, why do you stay?
You're my excuse to misbehave
I'll offer up this selfish trade
I'll let you go if you swear you'll stay away

And I know it's wrong to keep holding on
To just one wish for a simple fix

And I know one day you'll say
I told you, I told you so

So ream me out for this
Make it fast, make it stick
I won't except it, not one bit
I'll find compassion but I won't quit

And I know it's wrong to keep holding on
To just one wish for a simple fix

And I know one day you'll say
I told you, I told you so
