Now weâ€™ve got to get this going
Wake now donâ€™t sleep Get up on your feet
Now weâ€™ve got to take this moment
Donâ€™t be afraid to institute change
Now youâ€™ve got to get it flowing
Time now to think The worldâ€™s on the brink
Now youâ€™ve got to start to show it
Time now to act Weâ€™re under attack

Chorus:

Cause words are not enough
Talk is so cheap
Irrelevance is shown
By the company that you keep that you keep

Somethingâ€™s got to keep it going
Donâ€™t let it stop Straight to the top
Somethingâ€™s got to keep it moving
Beware of the fall Remember it all
Somethingâ€™s got to make it worth it
So much at stake What will it take
Somethingâ€™s got to make you prove it
Show them your strength Go to all lengths

Repeat Chorus
