Bangin'™ my head as hard as I can  
You'd do the same if you had what I had  
Same DVD. I watch it over again.  
Just to repeat every word that is said oh yeah

It's such a challenge  
To keep my balance  
You think I'm manic  
Don't panic

Chorus:  
Here come the man Running as fast as I can  
I don't understand so I'm shaking my hands  
Feeling the calm when I'm slapping the sand  
Give me a moment to meet your demands oh yeah

Motion commotion as I rock to the band  
Neurons exploding in the back of my head  
If I don't stop, if I don't stay where I stand  
I need to move just to stay in command oh yeah

It's such a challenge  
To keep my balance  
You think I'm manic  
Don't panic

Chorus
