"The End Is Still So Far"

Alone, All alone
In a time so unknown
Led by the sound what have I found
Only a fire I can't put out
I have no doubts, I have no doubts what it's all about

This road we walk so hard
But the end is still so far
You've got a right and a cause
But the end is still so far

Cold, Cold as a stone
But alive in other's glow
Living upside down what have I found
An end to this maze. The only way out
I have my doubts. I have my doubts what it's all about

Where does this leave you now?
