I know that I will make it someday yeah
Coz I believe and I'm saying it
I been waiting for this moment to come
And here we are

I can't explain why my life's been
Through so much ups and downs and
I been trying to find a reason why
came to know it is a calling

At first I didn't understand, what's going on
Trying to escape what's apprehended me
I'm gonna need me some time
I know that Victory's mine,so I say

CHORUS

I can make, I can make it (And I said to me yeah)
I can make, I can make it (Yes I can)
I can make, I will make it (And I said to me)
Coz I have faith in God.
Oh yeah oh yeah Oh yeah yeah

VERSE 2

I'm not gonna let nobody get in my way
While I'm here believing, that I will make it someday
(make it someday)
Though the storm is raging,I'm not moved
Coz I'm here to stay

At first I didn't understand, what's going on
Trying to escape what's apprehended me
I'm gonna need me some time
but I know, Victory's mine,and I said Oh

CHORUS

I can make, I can make it (And I said to me yeah)
I can make, I can make it (C'mon now) (Coz I believe in
God) Ooh ooh Ooh
I can make, I will make it (I ain't giving up)
Coz I have faith in God.(Yes ,yes,yes,yes)

I can make, I can make it (And I said to me yeah)
I can make, I can make it (I keep telling myself)Hey
I can make, I will make it (And I said to me)Hey
Coz I have faith in God. (Coz I have faith in God)

REFRAIN-

Though the night has fallen
And I'm waiting for the morning Sun
So I kept me praying
And my faith in God has made me strong
Yeah e yeah (Ooh -echo)
C'mon now (hey)Yes Oh Lord yes

Coz I believe in God so I say

I can make, I can make it (And I said to me yeah)
I can make, I can make it (No matter what is ahead of
me)
I can make, I will make it, Hey (Yeah, C'mon now)
Coz I have faith in God. (Somebody needs to know)

I can make, I can make it (And I said to me yeah)
C'mon now
I can make, I can make it, C'mon now (No matter what
)Hey
I can make, I will make it, Hey c'mon now (And I said to
me)Hey
Coz I have faith in God. (C'mon ,c'mon, c'mon,c'mon
hey)

I can make, I can make it (And I said to me yeah)
I can make, I can make it Hmm (I ain't giving up)
no,C'mon
I can make, I will make it ,Yes (And I said to me)Hey
Coz I have faith in God. (Coz I have faith in God so I
