Verse:

I am the mountain.  
I want to stand still against the wind.  
I dip in the ocean  
And open my gills for oxygen.  
I hand you the incense.  
Gonna burn it down with your discipline.  
Am I a suspect  
With a bright light over my head once again?

Chorus:

Tired of being beaten again  
With no answers, no answers.  
Tired of eating all these lies,  
With no salt and no pepper.

Hook:

I'm finding it hard to express myself  
Don't know how to anymore.  
I'll find the answers one of these days  
But you're there for me so I'm grateful.

You've always been there for me and I'm grateful.

Verse:

Am I a clown  
Because everybody laughs but me?  
I'm bringing you down.  
I'm gonna throw my guitar into the sea.  
People stand still.  
Just enough for me to breathe.  
Fast forward or rewind,  
Cause I start at the center, of course, for free.

(Hook)

(Chorus 3x)

(Hook)

You've always been there for me and I'm grateful.

You'll always be there for me and I'm grateful.  
You've always been there for me and I'm grateful.
