There aren't enough hours in a day for me to tell
you
What you mean to me and how much I love you
The love you've given me is the love that I most
value
God's most important creation it's true

You're the greatest blessing I've received from
up above
Mamma you're the one I hold dearest to my heart
I cherish every little thing about you to me you're
perfect
You're my everything and the reason I exist

Now that your hands are starting to get a little thinner
I don't want to see you grow old
Even though your hair has changed to silver your gold
I see the markings of many four seasons on your face
Oh so many memories
Your eyes, your smile, your care and your loving arms
always pulled me through

I'm so proud that I have a mother like you
Without you I just don't know what I would do
A fearless warrior
No-one is bolder
And yet you give so much and expect nothing in return

Nothing but tenderness emits from you
You give me your love that's your golden rule
Oh beautiful mother
You know I love you
I'd do anything for you

I don't need to wait for a holiday to
Remind me how special you are
Mother's day, your birthday nor Christmas
To tell you
I love you mamma

I'm so proud that I have a mother like you!
