Why do I think about you so much,  
I dont know why you do those things you do.  
You keep pushin and pullin me, in and out of your  
touch.  
I cant live without it, I wonder about it, this pain keeps  
getting stronger

So come down fall away, fall on me, and do what you  
please  
Make up your mind I need you to stay, but I want you to  
leave  
So come down fall away fall on me but do what you  
please  
Make up your mind I need you to stay, but I want you to  
leave

This happened too many times before  
I wish it could just be ignored  
The more I think the days, keep getting longer  
I need the sun to set, cuz I need a final answer  
So come down fall away, fall on me, and do what you  
please  
Make up your mind I need you to stay, but I want you to  
leave  
So come down fall away fall on me but do what you  
please  
Make up your mind I need you to stay, but I want you to  
leave

Please just go away,  
Dont even try to stay  
Please just go away  
Dont even try to stay

So come down fall away, fall on me, and do what you  
please  
Make up your mind I need you to stay, but I want you to  
leave  
So come down fall away fall on me but do what you  
please  
Make up your mind I need you to stay, but I want you to  
leave
