I lay here
starin at the celing
feel like the walls are gonna cave in
whats next

theres no one else to talk to
when its all about
cant keep clear my mind
cuz i cant go on without you
by my side

you bring to me
all we've ever had
I'll never be through with you
and I'm so glad
that your here beside me
i'm fallin fast tonight
i need you to save me

the part that i don't understand
you take it and leave it

like it never happened
can you show me
if i were to right this down
and claim it out loud
will people understand
or do you have other plans
so take my hand

you bring to me
all we ever had
i'll never be through with you
I'm so glad
that your here beside me
i'm fallin fast tonight
I need you to save me

here i am
alone again
i look up to
i look up to see you
