We will bring the light
We will set the night on by

Lean nights pull up to the scene
Going everywhere like live in a dream
..on crash it's in my mind
The life in the fast lane is a good time

Ohh, you're like an endless crusade
Ohh, I'd rather crash em burn them, fade away

Chorus:
We will bring the lights put the light we say
We will set good night on by
We will bring the lights put the light we say
We will set good night on by

Drinks get wild and the pimps get ..
..easy go
You know you're gonna get to
Boy bring your girlfriend on the road
We go on the
I'm losing my mind .is a good time

Ohh, you're like an endless crusade
Ohh, I'd rather crash em burn them, fade away

[Chorus:]

..right become on more
The early girls .. freak show pip show pirot love
Come on burning, come on burning up

We will bring the lights
We will bring the lights
