Oh â€“ oh â€“ oh - oh

Verse 1:

I wake up in the night, looking up at the stars
Hoping someday that I will make it that far
I know if I believe myself, I will make it true
But I donâ€™t know how I will make it there without you

Oh â€“ oh â€“ oh â€“ oh

Verse 2:

Sitting here in thought, how can it be done?
Someone like me being the number one
I know that I should trust myself, but Iâ€™m having
doubts
How could everything be falling down on me now?

Chorus:

Iâ€™m ready for the spotlight
Iâ€™m ready for the big time
Iâ€™m ready to make all my dreams come true
Iâ€™m ready for the bright lights
Someday I hope theyâ€™ll be mine
Iâ€™ll show everyone who I am
Prepare to see my starlight, my starlight

Verse 3:

They say a girl like me, canâ€™t follow her dreams
But how could they go ahead and underestimate me?
Sticks and some stones, can break my bones,
Iâ€™ll prove them all wrong, just wait and youâ€™ll
see

Oh â€“ oh â€“ oh â€“ oh

Chorus
