I went back,
I went back to your love, and I felt,
So many wrongs
That I wasted on you by the crowd,
And I called,
You called me and I whispered your name
I went home,
We stared blank to the pages I wrote,

Well, I just wanna compliment your soul,
I just wanna compliment your soul,
Yeah, I just wanna compliment-

And I wasted tears, I let go,
So many rights,
So many nights, that I come and I go.
I just wanna know, that you,
And I can't ever be,
Shut out.
You're meant to be.
And wrong, I'll
Tell it twice,

'Cause I just wanna compliment your soul
Yeah, I just wanna compliment your soul
I compliment your-...
I compliment your-...

Yeah, I just wanna compliment your soul
Yes, I just wanna compliment your soul
'Cause I just wanna compliment your (soul...)
I just wanna compliment-
