You got a lot to say, all of a sudden
As the snow flies in your vein
Oh you cold hearted woman
Tell me how you feel about it?
When you call, tell me why?

No, don't tell me bout my memories baby
When I'm not welcomed at your table, whoa
See I'm a little out of line
I'm a little out of line
I'm a little out of line
I'm a little out of line
Cause I'd rather tell the truth,
Than save it
Know there's nothing I can do
But play it
I see you standing over here
Staring at the sky
With flowers in your hand
And diamonds in your eye
So I'll see you around, test me up inside
It's cold I know it's true
I could never lie
I feel a little out of line
I'm a little out of line
I'm a little out of line
I'm a little out of line

I'm out my mind, a little out of line
So I'm sitting at this bar out in vegas alone
Faded, stumbled back, tryina make it I'm stoned
While I'm mumbling to myself, man this bitch is so cold
But he stay up in my mind, the whole fragrant perfume
Can feel the pain inside the hue, but the pain in the
room
Thinking bout to go, I knew it now the fakeness exhume
Riddle of these things, baby won't you play with them
jewels
Took a cruise out the moon, let me make you my muse
Never thought you'd fuckin play me, try to make me a
fool

You can't crush me, trick, you can't touch me
Bitch, you can't trust me shit,
Just ran out on me,
She fucks me, she fucks me not
Smoke blew out the window girl, what you need I got
Yeah I need to start, memories of me on top
In a box, with the motherfucking key drop

I'm a little out of line
I'm a little out of line
I'm a little out of line.
