Do you think I'm such a fool, to believe everything you
say it's true?

Warrup dog, you know

Don't take it so personal, though

What to do when the love's gone lame

And I'm too busy high getting drunk off of fame

Too tipsy wide in the eyes of the flame

Through misty eyes see the lies in the game

I rock and road, hit the globe then I go berserk

Miss the show, get the dough, like I'm old and kirk

Yeah I'm over work, woke up in my under short

Here to see another day while I wonder earth

Life can end in the flash of a pen

But until then, damn I need some cash in my hands

I think I'm headed back to arrogance

Work when we first met when the money came the
marriage went

[Hook] x 2

Is it over, who I am, who I be?

Is it over, is it you, is it me?

Is it over, I don't know, I can't see

What to do when the buzz gets drained

And I'm too busy fried getting fucked out my brain

Move city sides where they tucking they chain

Riding with the tints low, do a buck in the rain

Rep the whole town, yeah the net worth climbing

Better fold now it ain't a bet worth trying

Babble in the booth or some snapper and some goof

Maybe hug up with a few then get back to the crew

Damn baby, you always needed a bit too much of me

Hugged up in the telie, I ain't tryina live so comfortably

Fuck it, I think I'm back back up on the podium

Pack up for the road again, smoke up the bonium

[Hook] x 2

Is it over, who I am, who I be?

Is it over, is it you, is it me?

Is it over, I don't know, I can't see.
