Lights, going on in the distance

Flights, fly or stay right here

Do I wanna be a part of this

Do I wanna be alone

Do I wanna be a part of this

Do I wanna be alone

Slow down, I think You're going to fast for me

Hold on, I think I gotta catch a train to get there

Cos You're way ahead, You're way ahead

10000 miles away, yet You right here next to me

Chorus:

I feel You in the deep skies,

I feel You here inside of me

How can this be, how can this be

Yet I feel it, Woe is me

Lights, a far off thought in the distance

Cars, moving in directions, unknown to me

My hope is in You, my dreams made brand new

Chorus x2

Even though You're far away

You're always near to me

Even though You're far away

You're inside of me
