Miss you  
When I close my eyes,  
That's when you're near...  
I kiss you,  
But I know that I'm dreamin'  
Girl, it's unfair  
And I can't help but cry every night,  
When I'm weak & you're not by my side

Girl I just wanna hold you, in my arms  
Think of you each day now we're apart  
And I just want things back the way they were  
Find a way back to your heart

Without you,  
I don't feel the same  
Since you went away...  
I need you  
And I just want you back,  
Here with me  
And I can't help but cry every night,  
When I'm weak & you're not by my side

And I just wanna hold you, in my arms  
Think of you each day now we're apart  
And I just want things back the way they were  
Find a way back to your heart.

And I just wanna hold you in my arms  
Think of you each day now we're apart  
And I just want things back the way they were  
Find a way back to your heart...

I miss you...
