Goose bumps, goose bumps, goose bumps
I'mma give it to ya
Bring that body to me
Let me show you shawty
I'mma keep it comin'
Let me show you baby
It won't take long
I'mma beat it up, up all night long
Flip it over, lay it down
Hold you by your ankles baby pound, pound, pound.

I'mma give it to ya
Bring that body to me
Let me show you shawty
I'mma keep it comin'

Heyyyyy
What's up shawty
Welcome to the cloud, let me fluff it up before I lay it down
Got you feelin' moves before I even make 'em
That anticipation girl got you goin' crazy
We steady makin' it, you feelin' every move
Now turn your cellphone off and the tv too
Flip the lights and hang the sign don't disturb this groove
Cuz I'm turned up the knob broke
You don't hear me no but you gonna feel me tho
Goose bumps, goose bumps running up and down your back
Like a junkie on crack tell me where you feel it at
Down your spine there they go look at them all n a row
Got you moaning curling toes
Ain't gonna stop til I feel that flow, flow
All the way down to the floor, that's where dem panties go
We hot so hot we cold dem goose bumps on your back
my tongue going outta control, connecting bumps like
X's and (O's 3x)
Tic- tac - toe

Goose bumps, goose bumps, goose bumps
I'mma give it to ya
Bring that body to me
Let me show you shawty
I'mma keep it comin'
Let me show you baby
It won't take long

I'mma beat it up, up all night long
Flip it over, lay it down
Hold you by your ankles baby pound, pound, pound.

I'mma give it to ya
Bring that body to me
Let me show you shawty
I'mma keep it comin'

Outstanding
I really feel this, I'mma really take care of business
neck, bite, scratch, shaking what i'mma do this
To the floor, to the bed, bump bump bump bump your
head
Knee burns, back burns, Charlie horse Aahhhhh but
it's gonna be alright,
stretch it out, shake it off, now deep breaths
pound, pound,
baby turn that azz around
You know do this like i am clueless cuz I'm foolish like a
zombie baby
I have only one thing on my mind
Beat it up, beat it up all the damn time
I don't take breaks, so you can lay there tellin me what
is on your mind
So don't think, just groan, and if it gets really good
then moan
My name, call me what you want
This, this thing we doin' call it what you want
mamma say' mamma sa' now you talkin' in tongues
Goose bumps, baby here they come

Goose bumps, goose bumps, goose bumps
I'mma give it to ya
Bring that body to me
Let me show you shawty
I'mma keep it comin'
Let me show you baby
It won't take long
I'mma beat it up, up all night long
Flip it over, lay it down
Hold you by your ankles baby pound, pound, pound.

I'mma give it to ya
Bring that body to me
Let me show you shawty
I'mma keep it comin'
