Alright...

Everything's changed, now I find myself upon my own
again.

First things were strange,
But guys like you will make me feel whole again.
Cos I'm feeling good and I'm looking fine,
With my girls all around me drinking rose wine,
It's Friday night and I feel alright...
Listen up you gotta,

Move your body close to me, keep on dancing boy.
I can see you standing checking me out,
Don't just wait boy, come on dance and be free...
We can be free, we can be free.
We can be free! Yeah! We can be free!

Cos I am free! Yeah!

Yeah! Oh!
Let me see it!
Yeah! Oh!
Alright!

Hands must be raised, up towards the roof on this
dance-floor.
Music be praised, come on DJ go for the replay, cos I'm
Feeling good and I'm looking fine
With my ladies all around me sippin' Cristal 1990 and,
I see you standing there, you look so tight to me,
Listen up you gotta...

Move your body close to me, keep on dancing boy
I can see you standing checking me out,
Don't just wait boy, come on dance and be free...
We can be free, we can be free.
We can be free! Yeah! We can be free!
