She's lying on her bed
Alone in the dark
Remembers what's said
Staring at the marks
She's into deep
Crying herself to sleep
There's not much I can do
She's too far away
Yeah, Yeah
She needs her space
Whoa, Whoa
And sometime to think
I hope it's a faze
She's so out of place
And it's all thanks to you
So where will it end?
All roads have their bends
I know you feel sleepless
Wishing for cupid
No it's not your fault
Stop blaming yourself
It was never your call
And I really wanna' help
Yeah, Yeah
She needs her space
Whoa, Whoa
And sometime to think
I hope it's a faze

She's so out of place
And it's all thanks to you
Whoa, Whoa
Remember the good
Forget all the bad
She lives with her mother
But misses her dad
No it's not your fault
Stop blaming yourself
It was never your call
And I really wanna' help
Yeah, Yeah
She needs her space

Whoa, Whoa
And sometime to think
I hope it's a faze
She's so out of place
And it's all thanks to you
Whoa, Whoa
And sometime to think
I hope it's a faze
She's so out of place
And it's all thanks to you
Life for her now
Is an obstacle course
No thanks to her parents
