(Paul Foglino-Tom Meltzer)

You won't tell me that you love me  
I've told you so many times, but you won't  
Now I can see if you won't say that you love me  
Maybe it's because you don't

Why can't you see how you hurt me?  
Is my love in vain?  
I call my pain by your name

You say you don't like blowing smoke  
You say it's only words, that ain't what love's about  
But now I can see if you ain't blowing smoke at me  
That's because the fire is out

CHORUS

I hear your name, the way it rings  
It's come to mean so many things  
Like loneliness, tears, and misery  
Could it be that you don't care?  
Is there really nothing there?  
Is there a hole in your heart where love should be?

CHORUS
