Its been so long you haven't seen  
Youve been so wrong youve been so me  
You know your're so full of shit  
The time went by you let us know  
The time went by your're tellin us so  
You know your're a bastard every bye yeah

Well my friend you can call me anytime  
Just call me on the phone she said  
Im waiting for you yeah,ee,yeah  
And my friend you can call me anywhere  
She promised it was lame

She said she's bleeding for you  
Yeah,ee,yeah,yeah,yeah

When you blow me off  
Your're callin me an asshole  
That's how I take it  
That's how I am

Well my friend you can call me anytime  
And my fiend you can call me anywhere  
Hangin out relyin on the floor  
Shes gone away for something more  
The only answer more yeah,yeah,yeah
