To forget and forgive, to let go and let live
Remind me to remember
Regrets out of the past, while we were at our best
I wish Iâ€™ve always known what I know now

Whoa, We keep running, but weâ€™re running out of time
Whoa, Iâ€™ve been trying Iâ€™ve been waiting just to say

You give and youâ€™ll receive, in time you will believe
That seeing is believing
The minute you will know, youâ€™ll never let it go
I wish youâ€™ve always known what I know now

Whoa, We keep running, but weâ€™re running out of time
Whoa, Iâ€™ve been trying Iâ€™ve been waiting just to say
Whoa, Itâ€™s so hard for us to make it happen
Whoa, This confusion has been getting in the way
