"She Shines"

Whenever it is dark you are my guideline
A hand to take me somewhere
A light that leads me home

But ever since the moon blacks out the sunlight
Iâ€™m blind for all thatâ€™s coming
And blind for all thatâ€™s been

Sheâ€™s the girl with the sun in her eyes
She shines she shines
Walks away and she turns out the lights
The lights the lights

When I am with you, Iâ€™m in a safe place
I have nothing to worry
And nothing to complain

But now that Iâ€™m alone there is no straight line
In everything Iâ€™m doing
And everything Iâ€™ve done

It feels so good to have you in my life

Sheâ€™s the girl with the sun in her eyes
She shines she shines
Walks away and she turns out the lights
The lights the lights
