The spit flyin' out your teenage braces  
Gets some funny looks from lots of faces  
Momma didn't spend it for you to throw it away  
Your Daddy says please but you say no way!

Talk about, an independent lady  
She aint got no blues cause she's my baby  
Brokenback and underwearin  
My sensibilities she's scaring

We don't gotta do what we've been told  
We're big boys now and we're getting older  
Boot marks that scratch your neighbours bonnet  
We're hotter than a babe in a Shakespeare sonnet

Now we walk the streets like a big Godzilla  
Your Momma knows my name from when I tried to thrilla'  
So make your journey all worth while  
Come and flash us that Bornwild Smile

Born Wild Smile (x6)

Chop up the trick track, never mind the pieces  
She got eyes that shine like the baby Jesus  
Slap-a-dappin groove makin' the baby body shakin'  
Makes a little difference what sense he's makin'

Silver cup dreams gonna let you down,  
Crash down to the sound of the underground  
Too many Chefs gonna wreck your broth  
Girl don't you know you're making snap backs drop

Check, Check Out (x6)

Born Wild Child makes your smile go wild  
Born Wild Smile makes the child go wild  
People watchin' don't believe she'll go miles  
But she keeps rockin' that Born Wild Smile

Born Wild Smile (x6)
