I'm giving up. Never gave up on anything before in my life.

Congratulations. Because of you I'm believing love is a lie.

You tell a girl the truth, that you're falling for her
And she rips out your heart, and throws it on her shelf....

....And you never get it back!

[chorus]

It's too much for me (I'm giving up)

Too many times I've had to stitch up the wounds.

I'm taking myself off the field.

You'll never hear me say I love you.

I remember the time you were patiently waiting for me to kiss you.

And I was nervous cuz I didn't know what you would do.

Would you....

Lean over and use me? Get what you wanted and dispose of me?

Or would love finally be real? And we'd live together happily....

....Fat chance!

Sometimes I still think about you. Remember those fun times we had.

And those holidays from hell you put me through, run constantly through my head.

Thank you for rejection left under my tree. My New Year's resolution is to never date another girl....

Another girl like you.... Never date another girl like you!

I'm throwing in the towel. I'm giving up.

Never again. You'll never hear me say I love you....

So much for plan A!
