"Negative Zero"

Who do you think you wanna be?
It's not so easy
After all your incompetence is clear
It's bleeding through your shirt

... but you try so hard to be something that you're not
I'll take the blame for exposing the truth
You're just a lie

In your eyes, I see everything you are
You're Plastic
Your words to me are as fake as your smile
You're Plastic

While you speak all of the lies
I'm going through the motions
Of leaving you all by yourself
You're despondent, shallow, and fake

... but you try so hard to be something that you're not
I'll take the blame for exposing the truth
You're just a lie

In your eyes, I see everything you are
You're Plastic
Your words to me are as fake as your smile
You're Plastic
