Miss Araye
This is the end
You live your life and I'll live mine
Four years I wasted on you
I should have saw the signs

I think I've finally learned
And it's time for me to let it burn

Pre Chorus:
I'll supply the flame
Scatter the ashes of our memories
I don't need them anymore

Chorus:
So many times I took you back
So many times I let you in
But, never again (But, never again. Never again)So
many things were left unsaid
So many promises untrue
This is the end (God let me forget, I need to forget)

As easily as my pen writes down these words
I'll erase your memory from my mind
As easily as my pen writes down these words
I'll sign my final farewell to you

You will never see my face again
Don't you dare call me your friend

I should have listened when they said
Promises never last forever
Three strikes you're out, they say
Foolish me I gave you two other
I'm done with you and your lies
Go ruin some other guy
No more chances, no more flaws
Are you happy with the damage you've caused

Pre Chorus:
I'll supply the flame

Scatter the ashes of our memories
I don't need them anymore

Chorus:

So many times I took you back
So many times I let you in
But, never again (But, never again. Never again)
So many things were left unsaid
So many promises untrue
This is the end (God let me forget, I need to forget)

You will never see my face again
Don't you dare call me your friend

I've regained my composure
This is my closure
