Verse 1:

Pardon me

for a minute of your time
I can see
things revolve around your world
you're a very busy girl

still I was hoping
you might try real hard
to find some
time for me

Chorus:

and now I know
that all things must change
nothing lasts nothing stays the same

way I felt the day you left
no words could explain
guess I thought that love would find a way

nothing left to say but

Verse 2:

Pardon me

If I step out of line
I disagree
when you say the love
we had's gone

that you and me
do not belong
together any more
and we should go our separate ways

Bridge:

These sticks and stones
these broken bones
the words you say
to hurt me

I wanted to
be more like you
fell victim to my
envy
