[Frank Griffin]

It had gone past December 21st 2012 and we are still  
here

Do you know, do you know where you really wanna go?  
Do you see, do you see what you wanna see?  
Apologies, apologies, now I'm begging on my knees  
On my knees, on my knees just to let you know

2012 was not the end, yeah  
2012 was not the end, yeah  
2012 was not the end, yeah

[Will.I.Am]

I'm alone, I'm alone, sinking further down a hole  
Down a hole, down a hole where the echoes lead  
I don't know, I don't know how to find a weave and flow  
Weave and flow, weave and flow, will I ever see?  
What I need, what I need is a reason to believe  
To believe, to believe, will I ever know?  
If I leave, if I leave I will feel like a disease  
A disease, a disease too or let me so  
I can hardly wait to see her coming down the stairs  
A demon's playin in my head a melody I can't forget  
She's a beauty in her sorrow, each step a falling chord

[Will.I.Am]

Once I was so sure not knowing leaving traces in the  
dust  
Till you said there's nothing new  
Except the things that we forgot  
Here I stand awaiting for a signal from oblivion  
In the twilight of the old uncertainties  
Now she spreads her wings she's comin'  
Like a massive wave of love  
Rolling black as night into my arms  
Now she's comin' in a burning flash of kisses  
Rushing from her lips into the center of my mind

[Will.I.Am]

The first time we met  
Your face became etched  
In my mind  
You were the sun  
I was the one  
Who worshiped you.  
My hands were your guns  
Your eyes were my muse.  
And I knew you could never love me  
I had so much sorrow inside  
You could never reach  
But can I still keep  
A place in your heart?

The end of us is not the end of me.  
Every second gets easier to breathe.  
Push the fear away, face another day.
