[Chorus]

Then I will run, run, yeah!!!
I would like to run, run, yeah!!!
I know you can run, run!!!
Then I will run for all the pain that's in my stomach right
now
I am doing this for a good symptom
Then I will run.....!!!

[Flo Rida]

I wanna watch you undress, I wanna watch you glow
Let your hair down, All around, cover us both
You come in a wave, We crash and we roll
You surround me, pull me, drown me, swallow me
whole
You pull me in close, You buckle my knees
I shake and I shiver just to feel you breathe
You trace my lines, (You trace your lines), Stirring my
soul
Shoot sparks at the heart of the world and I watch it
explode (I watch you, I watch you)
I'm gonna buy a boat and sail
And I'm gonna grab the world by the tail
And I'm gonna live and love and believe
No matter what tomorrow brings
Love taught me how to cry
But life taught me how to fight
And time showed my eyes how to see
And I'm not afraid 'cause now I'm free

[Chorus]

Then I will run, run, yeah!!!
I would like to run, run, yeah!!!
I know you can run, run!!!
Then I will run for all the pain that's in my stomach right
now
I am doing this for a good symptom
Then I will run.....!!!

[Flo Rida]

You don't want nothing with this, Not only do I run but I

lunge this shit
Smoke like I don't need lungs and shit, Spit lit like two
rubbing sticks
Wipe me down, Betta call charmin, Cuff yo chick, Kiss
so charming
Ima make my way in marlin, Hit it and she gon come
back, karma
Its murda betta call the corner, They ain't wanna let me
in they circle so I corner
When I'm done baby you can go put a fork in em
Don't talk money then you sound like a foreigner
It doesn't matter that they say we'll never make it
It's so strong that nothing can ever break it
You and I can tackle anything of any size
All anyone can ever want is a co-pilot
Someone to leave this town and
Up and start a secret
And when you sneak out at night
I'll kiss you right between your eyes

[Chorus]

Then I will run, run, yeah!!!
I would like to run, run, yeah!!!
I know you can run, run!!!
Then I will run for all the pain that's in my stomach right
now
I am doing this for a good symptom
Then I will run.....!!!

[Flo Rida]

Since fifteen
I have ran
Everywhere you can run
But with you
It's much more fun
So let's run let's run let's run

I say what I want no censored
Paper getting real long like a center
To the money soon as I enter
We know you ain't gettin paid interns
Being fly as a preset
Everything on froze, reset

[Chorus]

Then I will run, run, yeah!!!
I would like to run, run, yeah!!!
I know you can run, run!!!
Then I will run for all the pain that's in my stomach right
now
I am doing this for a good symptom

Then I will run.....!!!

[Flo Rida]
Since fifteen
I have ran
Everywhere you can run
But with you
It's much more fun
So let's run let's run let's run
