English Translation:

Woo woo woo woo woo woo

Woo woo woo woo woo woo

Woo woo woo woo woo woo

Baby Honey honey honey

Baby come to me, I keep liking you more

Baby Honey honey honey

Baby come to me, I will definitely have you

You keep staring at me (Woo woo woo woo)

You secretly glance at my legs (Woo woo woo woo)

Our eyes met and you froze up

Shall I slightly toss a word to you?

(Woo woo woo woo woo woo) What do you like about me?

(Woo woo woo woo woo woo) Say something

I'm being like this because I like you too

Oh tell me that you like me

Baby Honey honey honey

Baby come to me, I keep liking you more

Baby Honey honey honey

Baby come to me, I will definitely have you

Am I too pretty? Are you going to keep staring?

Woo woo woo woo woo woo

Don't just stand there and (Woo woo woo woo)

Come to me and hug me (Woo woo woo woo)

How are you going to steal away my heart?

Tell me and don't just stand here

(Woo woo woo woo woo woo) What do you like about me?

(Woo woo woo woo woo woo) Say something

I'm being like this because I like you too

Oh tell me that you like me

Woo woo woo woo woo woo

You tell me first as yo look at me
You hug me first in front of me
Right now at this moment,
Come on, right now, this moment
Come on Oh oh oh oh Ha ha ha

(Woo woo woo woo woo woo) What do you like about
me?

(Woo woo woo woo woo woo) Say something
I'm being like this because I like you too
Oh tell me that you like me

One more time

Baby Honey honey honey
Baby come to me, I keep liking you more
Baby Honey honey honey
Baby come to me, I will definitely have you

Woo woo woo woo woo woo
Woo woo woo woo woo woo
