It grows in me
So pierce my veins
And pump this life saving poison through me
To destroy this invasion
That's taking control of this helpless body

I just don't understand it
Why you're hurting
Life's trials are so demanding
Don't deserve this
I call your name
And see your eyes glazed over
You say your time has come
Death's on your shoulder

This contaminated blood runs through me
Slowly infecting more than my body
But the archer has missed his mark
Ray of hope consumes the dark
Even though my flesh is gone
Death won't take me

You're sick with fire
Eating flesh like air
There is no water
You're without a cure
But in this sea of dark you're not alone

I'll reach my hands out
I won't let you drown

This contaminated blood runs through me
Slowly infecting more than my body
But the archer has missed his mark
Ray of hope consumes the dark
Even though my flesh is gone
Death won't take me

So pierce my veins
And pump this life saving poison through me
To destroy this invasion
That's taking control of my lifeless body

So cut skin
Aand take these life sucking beings from me
To alter this infection
Please just take this merciless burden

It grows in me
It grows in me
I can feel it
It grows in me
I can feel it
It grows in me
