Power from on High..
Power from on High..
Power from on High..
Power from on High..

Power from on High..
Power from on High..
Power from on High..
Power from on High.

I've told you once now I'll tell you again.
He that comes to JESUS must depart from sin.
He speaks expressly now I'll give you the clue.
If you'd escape what would happen to you.

He'll give you a new identity.
Set you on course to your destiny.

Power received.
When on your knees
Will set you free.

All you need's a little more..
Power from on High..
Power from on High..
Power from on High..
Power from on High..

Power from on High..
Power from on High..
Power from on High..
Power from on High..

Seventy years on earth or just a little more.
Your life's a vapor what are you placed here for?
Show forth the truth while you have the time.
Self-direction is man's biggest crime.

On the surface the rich look okay.

All that he has will burn on that dreadful day.

As he did not seek
The true relief.
He could not see.

All he need's a little more...
Power from on High..
Power from on High..
Power from on High..
Power from on High..

Power from on High..
Power from on High..
Power from on High..
Power from on High..

The time is coming when all things will end.
Then will be revealed that evil man of sin.
This mortality must be swallowed up.
And now the earth will drink from HIS cup.

Releasing the captives my JESUS holds the key.
He's the only way out, for you and for me.

Power received.
When on your knees.
Will set you free.

All you need's a little more...
Power from on High..
Power from on High..
Power from on High..
Power from on High..

Power from on High..
Power from on High..
Power from on High..
Power,
