you and I
we are on the dance floor
we have spent too much time

you may say
this is going to be the last one
but I can tell we just started out

we get high
we get low
not matter the state
we're just fine

you have spent
too much time on the dance floor
and i can tell you're so tired now

I have been here before
I haven't seen it all
I want to see you
we will go away

you and I
we are on the dance floor
we have spent too much time

you dare to say
this is going to be your last one
but I can tell you just started out

I have been here before
I haven't seen it all
I want to see you
we will go

I have been here before
I haven't seen it all
I want to see you
we will go away

you and I

you and I
you and I
you and I
